- Tech Stack: NextJs 13.4.12 | Javascript | Tailwindcss | Context-Api | framer-motion | MongoDB | Node | ExpressJs

PROFESSIONAL EXPERIENCE

Full Stack Developer

Questt

02/2023 - Present

Bangalore

Responsibilities/Tasks

- Orchestrated the end-to-end development of the company website using Next.js, TypeScript, and Tailwind CSS, resulting in a highly performant, responsive, and visually appealing web application.
- Built a comprehensive platform for educators, administrators, and SuperAdmins. Expertly utilizing ReactJS, Redux, Redux Toolkit, and Chakra UI, I crafted a feature-rich interface. Functionalities, including user authentication, role-based access control, data management, and dynamic dashboards. Leveraged the prowess of Express.js and Node.js to ensure top-notch performance.

Frontend Engineer - Build Company Projects

Freelancer

02/2022 - 01/2023

Achievements/Tasks

- Coordinated the development of dynamic websites utilizing ReactJS, HTML5, CSS3, and innovative technologies including Material UI and Chakra UI. Crafted responsive interfaces that enhanced user engagement. Seamlessly integrated tech components like Node.js, Express.js, and MongoDB to foster seamless system synergy. Collaborated hands-on with clients, aligning their visionary goals for the creation of unparalleled digital experiences.
